AP LAZER
LEADING THE WAY

INCLUDED ACCESSORIES

Our Turnkey Packages come with all of the accessories and software you need to get started! No hidden costs or additional charges.

Utility Carriage

Supports the laser top when the z-table is removed. This configuration provides an open area for lasering large items.
(Design varies by machine)

Mechanical Lift Cart

Place large, bulky objects on the lift cart and roll directly beneath the laser head.

Protective Eye Glasses

99.9% UV Protection from CO2 laser beams.

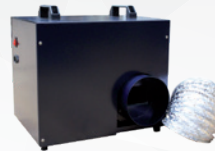

LightBurn Software

Layout, editing, and control software designed to work with your AP Lazer

Laptop

Design and edit files for laser engraving and cutting.

Blower

Smaller models are equipped with a blower and a fitted aluminum flexible vent. An additional filter is required for harmful fumes.

Rotary Table

Engrave cylindrical objects like wine bottles, stainless mugs, glasses, flashlights and more.

Air Assist

Provides protection to the condensing optics and enhances engraving/cutting performance.

"Hands down my favorite part of the laser is making your vision a reality. I have so many ideas of things I want to do and create. Being able to create something that brings joy and makes a person genuinely light up is a real gift."

Samantha Goodman , Del Sol Laser Creations
