GIVE YOUR BUSINESS

CUTTING EDGE

MULTIPLE CONFIGURATIONS

Expand your capabilities with a 33" adjustable z-axis

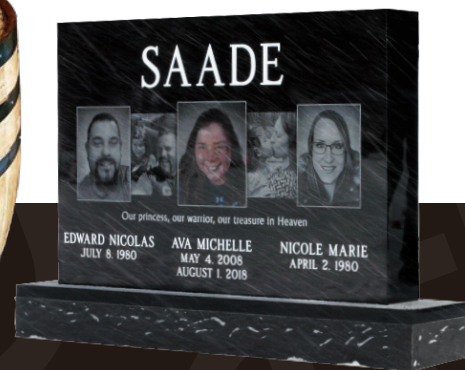

Configuration Ideal For:

Customizing large, bulky items that must be rolled beneath the laser head to be engraved, or directly over a conveyor belt.

Configuration Ideal For:

Engraving small items such as stainless tumblers, home decor and sporting goods. This configuration functions like a traditional boxed-up laser machine.

Transform Ordinary Products into **High-Profit Emotionalized Keepsakes.**

INCLUDED ACCESSORIES

Our Turnkey Packages come with all of the accessories and software you need to get started! No hidden costs or additional charges.

Mechanical Lift Cart

Place large, bulky objects on the lift cart and roll directly beneath the laser head.

Exhaust Blower

AP Lasers are equipped with a blower and a 6" fitted aluminum flexible vent. If fumes are harmful, an additional filter is required, but not included.

Protective Eye Glasses

99.9% UV Protection from CO2 laser beams.

Rotary Table

Engrave cylindrical objects like wine bottles, stainless mugs, glasses, flashlights and more.

Photo Processing Software

Process photos and a variety of artwork to produce high-quality engravings. Includes CorelDRAW Graphics Suite and PhotoGraV.

Air Assist

Provides protection to the condensing optics and enhances engraving/cutting performance.

Laptop

Design and edit files for laser engraving and cutting.

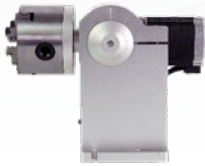

"Hands down my favorite part of the laser is making your vision a reality. I have so many ideas of things I want to do and create. Being able to create something that brings joy and makes a person genuinely light up is a real gift."

Samantha Goodman, Del Sol Laser Creations
