Hire us for a day, we can engrave emotions onto your store products.

## Why Offering Free Engraving?

- Offer Free Engraving, instead of advertising for a discount, will dramatically increase your marketing ROI.
- Interactive & Fun: laser engraving is interactive and fun, making the shopping experiences memorable and adding advantages for your store to compete with online retailers.
- Word-Of-Mouth: Every piece of personalized product will act as a word-of-mouth advertising spread from now and through holidays.
- Emotional Marketing: Coke spends billions on emotional marketing to link its brand to happiness. When you can engrave emotions on your products, you directly make customers happy. Your brand will instantly satisfy all your customer's emotional needs, inspirations, dreams, wisdom, humor, and more, not only happiness.

## What Materials Can Be Engraved?

We will go through your store and find example products for engraving and display. You can use free engraving to promote your high profit, slow or overstocked inventories, and new products.

## What Size And Shape Products We Can Engrave?

Any Size, Any Weight, Almost Any Shape. We have the patented open architecture laser machine - AP Lazer, which can engrave as small as earrings to as large as furniture.

## We Are A Priceless Relationship Ambassador For Your Store.

- We will feature your products on our social media, website and our ads, promoting the event, and your brand.
- We will continue offer 10% discount on engravings if customers bought from your store or website.
- We will explore new emotional engraving designs based on the products you want to promote, and feature them on our social media.
- We will be your priceless relationship ambassador in our local market.
